Ash tour add

WISHBONE Ash have added a second night at London's Hammersmith Odeon to their January/February tour following heavy ticket demand at the box office.

The new show is on February 2, following the first sold-out concert on February 1. Tickets are available from Wednesday

next week at £4, £3.50, £3 and £2.50.

The band are also playing two nights at Sheffield City Hall with shows on January 19 and 20.

A new Wishbone Ash single, "Living Proof" backed by "Jailbait", is released on Friday. The A-side was written by Laurie Wisefield and Claire

Hammill, who sings back-up vocals, and the track is taken from the band's forthcoming "Just Testing" album.

The B-side is a five-minute live version of the Ash classic taken from the "Live In Tokyo" album, available in the UK on import only.
